《关于暑假的作文》【第一篇】

It is true that summer is hot, very hot. But the wicked summer sun is nothing to me, for I dont usually go out. What I like to do best during the long summer vacation is to stay in my own little room and read. I love to read, but during the school year I could hardly find a free moment for reading. Endless assignments press down upon me like a mountain. I feel confined and imprisoned. Once the summer vacation comes, however, I have all the time in the world to read and read and read. I read everything I want to read. I read to my hearts content. My room maybe small, and the sun maybe hot, but Im free, Im happy, Im really living! Oh, how I love summer!
